Maths · Mid-Term Mock Exam (Term 1)

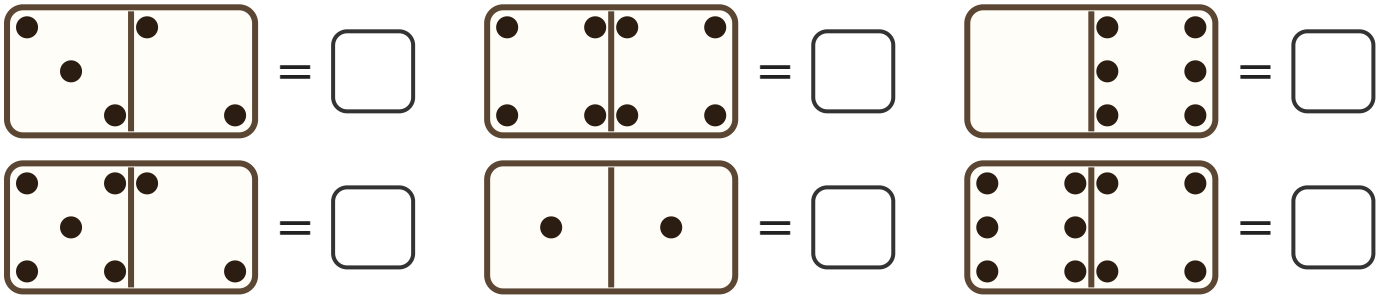

Grade 1 · Abacus Year 1 Workbook 1 · practice for Sunday 18/10

Name: Mira Date: _____ Score: _____ / 24

1. Write the missing numbers. (Count by 1.) — 6 marks

1	2	3	☐	5	6	☐	8
9	10	☐	12	13	☐	15	
14	15	16	☐	☐	19	20	

2. Count the dots on each domino. Write the number. — 6 marks

Draw the dots to match.

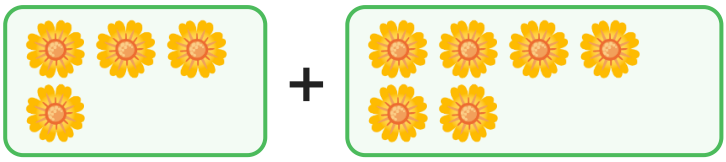

Workbook page 4 – a number track can help you count.

3. Add the objects. Write the numbers.

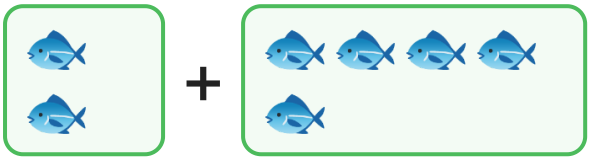

6 marks

3 + 2 = ☐

4 + 6 = ☐

☐ + ☐ = ☐

☐ + ☐ = ☐

4. Making 4 and 5. Fill in the missing number and draw the food.

6 marks

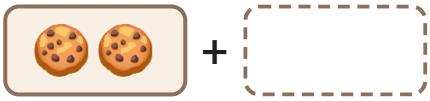

☐ + 2 = 4

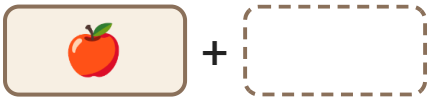

3 + ☐ = 4

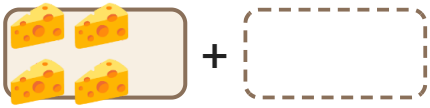

☐ + 3 = 5

2 + ☐ = 5

1 + ☐ = 4

4 + ☐ = 5

Workbook page 6 – use your fingers: “3 … how many more to make 4?”

Answer key – for Mum & Dad

Tick ✓ each correct answer · 24 marks in total

1. **Missing numbers:** row 1 → **4**, **7** · row 2 → **11**, **14** · row 3 → **17**, **18**. *(1 mark each = 6)*
2. **Dominoes:** 3|2 = **5** · 4|4 = **8** · 0|6 = **6** · 5|2 = **7** · 1|1 = **2** · 6|4 = **10**. *(1 mark each = 6)*
   Draw the dots: any way that makes **3** (e.g. 1|2, 3|0) and **5** (e.g. 2|3, 4|1) is correct. *(bonus – praise, no marks)*
3. **Adding objects:** 3 + 2 = **5** · 4 + 6 = **10** · **2** + **5** = **7** · **5** + **3** = **8**. *(1 mark per box = 6)*
4. **Making 4 and 5: 2** + 2 = 4 · 3 + **1** = 4 · **2** + 3 = 5 · 2 + **3** = 5 · 1 + **3** = 4 · 4 + **1** = 5. The drawing should show that many pieces of food on the empty tray. *(1 mark each = 6)*

What to watch while she writes

- Digits the right way round: **6 / 9**, **2 / 5**, and two-digit numbers in the right order: **12 not 21**, **13 not 31**, **14 not 41**.
- For dominoes, she should touch each dot with her pencil as she counts – no skipping, no counting twice.
- For “making 4 and 5”, let her count on with fingers: “3 … 4 – that is 1 more.”
- If she slips on a question type, play that island again in **Mira's Number Forest** (the game makes new questions every time).

Number bonds to say together

Make 4: 0+4 · 1+3 · 2+2 · 3+1 · 4+0 | Make 5: 0+5 · 1+4 · 2+3 · 3+2 · 4+1 · 5+0
